On June 12, 2023, Mr. Estrada provided a urine specimen at Riverside Recovery. At that time, he admitted to his counselor that he had ingested marijuana and cocaine on that same date. This officer spoke to Mr. Estrada later that same day, at which time he stated he thought it was his “last hurrah” since he was going to be starting treatment again after having been discharged from Pioneer Human Services (PHS).

On June 19, 2023, this officer received a voicemail message from the offender’s treatment counselor indicating that the above-referenced urine specimen was confirmed positive for methamphetamine, cocaine and marijuana.

5 **Special Condition #3:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: The offender is alleged to have violated special condition number 3, by failing to report to the U.S. Probation Office for urinalysis testing on June 13, 2023.

Following Mr. Estrada’s discharge from treatment services at PHS, he was instructed to continue calling the random urinalysis testing program and to report to the U.S. Probation Office when his assigned color (Brown 1) was called.

On June 13, 2023, Brown 1 was the assigned color for the random urinalysis testing program, and Mr. Estrada failed to report to the probation office as previously instructed. When questioned by the undersigned, he stated that he stopped calling the urinalysis testing telephone line because he thought this officer told him he no longer needed to do so once he started treatment.

The U.S. Probation Office respectfully recommends the Court accept the revised petition.

I declare under penalty of perjury that the foregoing is true and correct.
